

Posh Chalk Smooth Metallic Pastes

Not only are they quick and easy to apply - the Posh Chalk Smooth Metallic Pastes allow you to bring 3D dimension to your projects

The **Smooth Metallic Pastes**, available in 17 delicious and dazzling colours, have a wide range of uses with many more waiting to be discovered by you. Developed specifically to complement WoodUbend mouldings, they can also be used to make a surface wash, sculpting or raised stencilling (a little like thermographic inks), or applied to wall panels. Use heat to achieve a deeper texture and greater tactility. The pastes will expand and create a 3D artist effect when heated with a heat gun or hot hair dryer. The applications are endless. Not only are they quick and easy to apply with a palette knife, the Smooth Metallic Pastes bring another dimension to your workpiece.

Posh Chalk Smooth Metallic Pastes: High adhesion to all surfaces (paper, wood, cloth, glass, metal, plastic, leather and leatherette). Can be applied with palette knife, brush, stamp brush etc. For indoor and outdoor use. Water based. Made in EU Each container is net 110 ml.

PRO TIP: Mix Posh Chalk Smooth Metallic Pastes with water & watch them glide across your surface.

Posh Chalk Textured Metallic Pastes

Posh Chalk Textured Metallic Pastes are infused with genuine Swarovski Crystals that dry to a diamond hard textured finish on your projects.

The **Textured Metallic Pastes**, in a range of 3 colours (with more colours coming soon) have the added benefit of genuine Swarovski Crystals for brilliant texture in any of your projects. The Textured Metallic Pastes provide further and more exaggerated textures and effects than do the Smooth Pastes. Applied in a similar manner to the Posh Chalk Smooth Pastes, the Textured Pastes can be used for raised stencilling, sculpting, or as layers to create varied textures in your art and projects.

Posh Chalk Textured Metallic Pastes: High adhesion to all surfaces (paper, wood, cloth, glass, metal, plastic, leather and leatherette). Can be applied with palette knife or brush. For indoor and outdoor use. Water based. Made in EU Each container is net 110 ml.

PRO TIP: When totally dry, Posh Chalk Textured Paste is as tough as diamonds!

Posh Chalk Pigments

Watch liquid gold, silver and copper appear before your eyes with these fabulous metallic powders

Posh Chalk Pigments come in a range of 10 stunning colours. These unique natural pigment powders can be mixed with a top coat or varnish to achieve a metallic finish. The Pigments will add dazzling effects to paint pours and resin work. They can be mixed with waxes, patina and glaze mediums (water based or oil based) to achieve different effects. Your imagination is really the only limitation.

For a translucent glaze, use just a little of the dense pigment powder with your chosen topcoat.

For a more opaque finish, simply mix in more powder. You can also sprinkle Posh Chalk Pigments directly on to your project and seal with your favourite medium.

Made in EU Each container is net 30ml.

PRO TIP: A little pigment goes a long way, so use sparingly but be sure and stir well to encapsulate each particle of the pigment powders

Posh Chalk Patina

Posh Chalk Patinas are perfect for ageing surfaces and giving a project depth.

The **Posh Chalk Patinas**, available in a range of 11 beautiful colours, - 6 oil-based, and 5 water based gilding products. All you need to do is apply sparingly, let it dry overnight and then buff to produce a lovely glowing patina. They can be applied using a brush, or lightly applying with your fingers if you are a hands-on kind of crafter.

Posh Chalk Patina/Gilding waxes have multiple uses with high adhesion to all surfaces (paper, wood, cloth, glass, metal, plastic, leather and leatherette). Can be applied with fingers, palette knife or brush or stamp brush. Use for shading, highlighting and multiple effects. For indoor and outdoor use.

Made in EU Each container is net 30 ml

PRO TIP: Even the smallest stroke of these waxes gives a fabulous coverage, so no need to be heavy handed with your application.
